Hopkinsville will have another big dry goods store next Thursday, when Barnes & Metcalfe will open their doors in the T. M. Jones stand.

The revolution in Portugal has succeeded and Joac Chagas is in charge at the capital. In the fight Friday 67 were killed and 300 wounded.

The first clash between Italian and Austrian troops took place on the boundary Sunday. A skirmish occurred in which the Italians repulsed the Austrians and took one prisoner.

Dixon Merritt, the gifted paragon of the Tennessean, was here with the boosters, and his editorial columns already bear evidence of his safe return to Nashville. Mr. Merritt used to be on the Owensboro papers until the Tennessean recognized him as a good thing and began to push him along in a wider field.

It is intimated that Germany will offer to suspend attacks without warning on merchant ships, if the United States would renew its informal proposals for unrestricted passage of foodstuffs to German civilians. Well informed European diplomats assert that Germany most certainly would offer to settle the questions at issue by arbitration or diplomacy with an agreement to abandon submarine warfare while the discussion was in progress. What is regarded as one of the hopeful signs in the general situation is the confidence reflected in official and diplomatic quarters that Germany will meet the United States at least halfway and will suspend, for the time being, her submarine attacks without warning during the diplomatic correspondence.

## Liquor Law Upheld.

The Alabama supreme court, in a decision handed down upholding Denison anti-liquor advertising law. The law was passed recently by the legislature over Governor Henderson's veto and has been the subject of numerous test cases. It provides for the barring from the columns of all newspapers of the state of liquor advertisements and also prevents the circulation in the state of foreign papers carrying liquor ads.

PAUL WINN.

Paducah, Ky., May 17.—Saturday afternoon delegates to the T. P. A. convention elected officers named above for the year 1915-16, selected Hopkinsville as the place of the next meeting and at 2 o'clock recessed until 8 o'clock when the delegates were banqueted at The Palmer.

The following directors were also elected: E. F. Brandon, of Paducah; J. K. Lockett, of Henderson; A. J. Harris, of Glasgow; H. P. O'Roeher, of Louisville; X. Wilson, of Mayfield; B. A. Evans, of Owensboro; W. C. Sumpter, of Bowling Green; F. K. Yost, of Hopkinsville.

Delegates to the national convention at Omaha are: E. F. Brandon and J. H. Nagle, of Paducah; J. H. Wise, Henderson; E. E. Richardson, H. C. Sanders, F. H. Hesthish, W. D. Huffman, Andrew Leitner, Geo. Schwartz and Nic-Bosler, of Louisville; W. H. Bresidine, of Mayfield; Milton Sanchez, of Lexington; E. F. Sturgeon, of Owensboro; E. L. Kerley and C. Sumpter, of Bowling Green; F. H. Mason, of Hopkinsville.

The alternates are: E. Lackey, of Paducah; J. M. Dillon, of Fulton; H. H. Farmer, of Henderson; Charles Bennett, J. Molter, J. T. Short, D. O. Talcott, J. T. Armstrong, J. C. Brucklacher and T. W. Tarpey, of Louisville; Mac Glasgow, of Mayfield; Joe Candloto, of Lexington; Phil Dahl, of Owensboro; George T. Massey and E. F. Roemer, of Bowling Green, and Archie Higgins, of Hopkinsville.

The report of the credentials committee showed eighty-six delegates in attendance. Paducah represented by 22; Henderson, 1; Louisville, 21; Mayfield, 5; Lexington, 4; Owensboro, 3; Bowling Green, 8; and Hopkinsville, 13. Glasgow was the only post not represented.

The report of Secretary-treasurer Carl H. Finck, of Louisville, showed that sixteen members of the Kentucky division died during the fiscal year, 1914-15, ending May 1. Of this number Paducah lost 3; Glasgow, 5; Henderson, 5; Louisville, 5; Mayfield, 3; and Hopkinsville, 1.

The report showed further that the division added 226 new members during the year, and that the net increase was 60. Post 1, which is Bowling Green, showed an increase of more than 100 per cent. The total membership is 1,514, divided among the posts as follows:

## BOOSTERS FINE LOT

Nashville Business Men Given A Cordial Reception Here.

## AT BEAUTIFUL VIRGINIA PARK

Thousand or More People Turned Out To Hear Them Speak.

With perfect weather conditions and more than 1,000 people out to hear them, the Nashville Boosters had what they unhesitating pronounced the best meeting of their week's trip, at Virginia Park Friday night. The special train arrived from Guthrie at 5:40 and a committee of business men met the boosters and formed a line of march down Ninth to Virginia, with Virginia to Eleventh, with Eleventh to Main, up Main to Sixth, with Sixth to Virginia and thence to Ninth and the L. & N. depot where they had supper in their own car. At 8 o'clock the formal meeting was held, the Booster band and the speakers occupying the pavilion.

The meeting was called to order by R. E. Cooper, President of the H. B. M. A., who welcomed the visitors and introduced Chas. M. Meacham, who had been asked by Mayor Yost to officially represent the city, he being absent from the city.

Mr. Meacham referred to the former visit of the Boosters in June 1907, and told of the great progress made by the city since that time and extended a cordial welcome and said plans had been made for the visitors to do all of the speaking with the beauty, brains and gallantry of Hopkinsville as the audience.

Director Leland Hume then took charge and the speakers were presented with an occasional intermission for music, until Alf M. Williams, president of the club; Carl L. Howe, Richard C. Cox, Houston Dudley, Bradley Curry, Mr. Scott and Rev. L. E. McNair had spoken. Mr. Hume's response to the addresses of welcome was one of the principal speeches, in which he complimented the city's parks and paid a glowing tribute to the late Jno. C. Latham, who presented them to the city. Carl Howe is a brother of Walter, Howe, and was born in this city. He gave his old home a nice "boost." Mr. Scott's speech was set to music, a member of band playing an accompaniment on a cornet. Following Dr. McNair's speech the local committee presented Claude R. Clark as a sample of Hopkinsville's boosters and he made the speech of his life, scraping cobwebs from the sky until his hearers were worked up into a frenzy of enthusiasm. He was elected an honorary member of the Nashville Boosters. The meeting concluded with a band concert.

## POSTMASTER

Held to Federal Court of Charge of Taking Government Funds.

Postmaster Wallace at Lamasco, charged with appropriating money from the postoffice money order fund, had his examining trial here Saturday before Commissioner Clark and was held over under a bond of \$300 to the November term of the federal court at Paducah. The amount of the alleged defalcation is \$457.29.

Paducah, 192; Glasgow, 21; Henderson, 99; Louisville, 746; Mayfield, 56; Lexington, 93; Owensboro, 86; Bowling Green, 131; Hopkinsville, 105.

J. Will Graham, the retiring president acted as toastmaster at the banquet. The following were among the speakers: Mayor T. N. Hazell, Congressman A. W. Barkley, L. H. Davis, of Hopkinsville; G. H. Cox, of Owensboro; James Cabaniss, of Nashville; Mayor Yost, of Hopkinsville, and Miss Elizabeth Graham, of Paducah.

## FERRELL'S BOYS MEET

Grand Home Coming Planned For August 20th At Campbell's Cave.

SURVIVORS NUMBER 516

Organization Perfected And Committee Named To Work Up Reunion.

About 25 members of the alumni of the Christian County Military Academy afterwards known as Ferrell's High School, responded to call and met at the H. B. M. A. at 2:30 p. m. Saturday. The meeting was called to order by Chas. M. Meacham and was organized by the election of Chas. M. Meacham chairman and G. H. Champlin and E. B. Lindsay secretaries.

A general discussion followed, the desire being universal that an organization should be formed and a reunion brought about of all the former pupils, if possible. It was decided to form a society to be known as "Ferrell's Boys" and to arrange a "Home Coming" at Campbell's Cave, Friday August 20, 1915.

A provisional organization was then made, annual officers to be chosen at the reunion.

The following officers were elected: President, Jeff J. Garrett, of Pembroke; Vice-Presidents, Geo. E. Gary and Geo. D. Dalton, of Hopkinsville; Secretaries, Chas. M. Meacham and Green H. Champlin, of Hopkinsville; Treasurer, Henry D. Wallace, of Hopkinsville.

The officers were made an executive committee with power to increase the membership of the committee and to appoint other committees to work up the reunion. A finance committee was named consisting of M. L. Elb, Ira L. Smith, E. C. Radford and others and \$100 was subscribed in \$5 subscriptions by those present at the close.

It is planned to have a great reunion. The roll-call prepared by the secretary showed 619 names, which may not be absolutely correct, as it was compiled from Maj. J. O. Ferrell's records after his death and the books did not always give the boy's first name. There were 25 who answered to their names and 103 were reported as deceased, leaving 516 survivors, so far as known. The work of hunting these boys will now be undertaken. They are scattered all over the United States, some are in Europe and other foreign countries. Hugh Martin, known as Ricardo Martin, the great tenor, is one of them. Also Harry Wilson, linguist and author; Chas. K. Wheeler, former Congressman, and other men of distinction.

At a meeting of the officers yesterday, the following committees were appointed, which the chairmen are authorized to add to:

## EXECUTIVE COMMITTEE.

Chas. M. Meacham, Ch; Jeff J. Garrett, H. D. Wallace, Geo. E. Gary, Geo. D. Dalton, G. H. Champlin, W. A. Glass, Ira L. Smith, W. T. Cooper, Leslie P. Pool.

## REVOLUTION IN PORTUGAL

Many Persons Are Killed and Wounded in Encounters on Streets.

## MUNTINEERS FIGHT LOYALISTS

Proclamation Issued by Revolution Committee at Portuguese Capital.

Madrid, via Paris, May 17.—Complete anarchy reigns in Lisbon, according to news reaching Madrid last night. Fighting in the streets continues between the muntineers and the loyal troops. The bombardment was stopped owing to a lack of ammunition. The number of persons killed or wounded is said to have been considerable. Many buildings were burned and the home of known loyalists pillaged.

Premier Dato announced today that the Spanish battleship Espana would arrive at Lisbon to protect Spaniards and other foreigners. He added that it was probable another warship also would be dispatched to Portuguese waters.

Dispatches from Vigo announce that Portuguese people arriving there declare that the uprising is the beginning of civil war in Portugal. Reports from Oporto say the revolutionists in that city have been placed in jail and that the civil authorities have given over the reins of government to the military.

The whereabouts of President D'Arriaga is still unknown.

The latest news received here from Portugal is to the effect that a general of the insurrectionary party, commanding three thousand troops, is now outside Lisbon preparing to storm the city.

A Havas dispatch from Lisbon contains a proclamation issued by the revolutionary committee in Lisbon. It says:

"We are going to restore the republic to the republicans. We demand a national government, and consequently it ought to be republican. We shall adopt no party flag because we wish all republicans to be united for the dignity of the country and the salvation of the republic."

## Shoots Around a Corner.

A rifle that shoots over the parapet while the user sits in comparative safety in the trench without necessity for exposing himself to the fire of the enemy is a late invention brought out by a well-known sportsman and described, with illustration, in the June Popular Mechanics Magazine. The feature of this invention is that the rifle is held vertically while the projectile is fired horizontally. This is accomplished by a curved deflecting tube, fixed to the muzzle of the gun, that changes the course of the projectile from the vertical to the horizontal as it leaves the gun. In spite of the enormous friction that must accompany this change of direction, the tube, as shown by actual tests, is not subject to excessive wear, while the effective range of a rifle equipped with this device is between 100 and 150 yards.

## "The Schoolmistress."

"The Schoolmistress" will be presented at the Opera House tomorrow night by the High School students. It is full of fun and excitement from the start and the cast has been well trained by Miss Virginia Williamson. It is sure to be voted a great success by all who see it and no one should fail to secure a ticket.

## Little Girl Bitten By Dog.

Little Margaret McCarten, 311 J. Up avenue, was bitten by a pet dog on Sunday, receiving injuries on her face and arm.

A physician was called to dress the wounds and no fear of hydrophobia is entertained, but the dog will be watched closely until all danger of infection has passed.

## ITALY MAY AID ALLIES

Series of Attacks on Western Front Precede Important Movement.

## FRENCH CLAIM SUCCESSES.

Another Big Battle Is Expected In the Vicinity of the San River.

London, May 17.—The king of Italy has refused to accept the resignation of Signor Salandra and the premier's whole war cabinet retain office. This, it is confidently believed here, foreshadows the almost immediate entrance of Italy into the circle of belligerents on the side of the allies.

Action, however, may be delayed until the meeting of the chamber of deputies on Thursday, when the premier will announce his policy and will receive the support of a majority of the deputies.

Should the expected action of Italy materialize, the allies will be in a better position than ever to launch their big offensive movement, against Austria and Germany, which is being preceded on the western front by a series of attacks, furnishing a foretaste of what is to come.

Scarcely had the German attacks on the British lines around Ypres exhausted themselves and the French offensive north of Arras shown signs of coming to an end than the British became the aggressors north of La Basse, and the French and Belgian troops began their attempt to throw the Germans back from Yser canal.

These attacks, according to the French official account, which, however, does not agree with that from Berlin, were successful and again compelled the Germans to counter-attack—the most costly of all operations in siege warfare. Fighting at both points continue and in Arles, where the French added a further slight gain to those made during the week, and which, combined, constitute the biggest forward movement of either army in the west since the battle of the Marne.

Fighting also is in progress in the Woevre, particularly west of the forest of Peperet, which the French also won during the past week.

There does not appear to be much change in the general situation in Galicia, although the Austro-German armies have been able to make an additional slight advance by the withdrawal of the Russian rearwards, which have been holding off the victorious troops until their own armies could get into new positions behind the San river. This territory promises to be the scene of another big battle, for the Russians, strongly reinforced, will make a desperate effort to stem the tide which has been running so strongly against them.

In the Russian border provinces along the East Prussian frontier isolated engagements are occurring in which both sides claim to have the advantage.

## COMMANDER OF F-4

## SAID SHIP WAS SAFE

San Francisco, May 13.—Mrs. Alfred Ede, widow of the commander of sunken submarine F-4, arrived here from Honolulu and said her husband "most have been joking" when he wrote his brother in Los Angeles that the boat was out of condition. To her, she said, he never had expressed a doubt as to the safety of the F-4.

With Mrs. Ede on the army transport Sheridan came widows of three of the F-4's petty officers. As the Sheridan passed over the spot where the submarine now lies the women strewed flowers on the sea.

### WILLING TO STAY ON FARM

Children Have Little Thought of Leaving Home Which They Had Share in Planning.

A man who settled on a piece of land made it into an orderly farm. His crops were always good and his animals thrived, but the main work that he accomplished was the rearing of a family of five children, each one of whom was given an education.

It was a well-filled farmhouse while the youngsters were small and, naturally, as they grew the house became crowded. He then set about building a new dwelling. The old one was moved across the road; the farm teams made an excavation for a cellar. Then came the concrete foundation walls, and soon there arose the framework of the new house that the family in council had planned.

Eventually from under the hands of the workmen emerged the completed house with its bath, open fires, cheery living room, sunny kitchen and sleeping porches. It was a snug fit all around, and the family enjoyed it; all revelled in the unaccustomed comforts of a well-planned, well-built house. The owner has since died, leaving a son and daughters on the farm, with no one dreaming of moving to town.—Breeder's Gazette.

### Passing of The Jingoos.

Where are the jingoos of 1898? When in February of that year the battleship Maine was blown up in the harbor of Havana, a flame of patriotic fury swept the country from one end to the other.

President McKinley, an advocate of peace, was swept off his feet. From the Atlantic to the Pacific, from the Canadian border to the gulf, a hoarse cry for war went up. War was declared and the unfortunate Cubans were freed from the oppression of the Spaniards.

Now twenty American soldiers are killed in Mexico and 100 or more civilians are sent to the bottom by a German submarine, the country is calm and there is a disposition to support the president to the fullest degree. The people realize fully that nothing is to be gained and everything might be lost by headlong action at this time.

The sinking of the Lusitania and the drowning of its passengers was all an incident in a war with which we have little or more concern. Germany gave every evidence of its good intent by doing all it could to keep Americans off that ship.

The jingoos are silent and Americans stand as one behind the men now at the head of the government. It makes no difference whether they agree with the ideas and policies of the president or not he is the man in charge and is entitled to the sympathy and support of every one.

And it is gratifying to note that he is receiving it without regard to creed, party or anything else. With such a condition of affairs existing the country is bound to emerge unscathed from the maze of diplomatic entanglement in which it now finds itself.—Gleaner.

### Good and Evil.

We often try in vain to cut up our errors by the roots, to fight evil hand to hand on its own ground, where it has us at a disadvantage, whereas our most sure way to victory is by developing and fortifying the good that is in us. We have but a certain measure of strength and activity; as much of this as is added to the good is taken from the evil.—Mme. Swetchine.

**ICED COFFEE OR CHOCOLATE**

Ideal Beverages to Be Served at Card  
Party or Other Informal En-  
tertainment.

To serve between games at a card  
party, try iced coffee or chocolate.  
For the coffee, make enough of what  
is known as clear black after-dinner  
coffee to fill at least two wine or  
sherbet glasses for each guest. Sweet-  
en this while it is hot and set aside  
to cool. Then pour it into a large  
bottle or pitcher and set in a pail or  
deep kettle, packing ice around it.  
When ready to serve pour into  
glasses three-quarters full and heap  
on top either sweetened and whipped  
cream, or a tablespoonful of ice  
cream.

Iced Chocolate.—Melt two squares  
of chocolate in a double boiler and  
add a cupful of granulated sugar and  
a cupful of water. Let this mixture  
cook from the fire, add a teaspoonful  
of vanilla and set away to chill in a  
pitcher. When ready, to serve half fill  
a large mixing glass with chopped ice,  
add two tablespoonfuls of the choco-  
late sirup, fill up the glass with good  
sweet milk, cover with a shaker and  
shake thoroughly, strain into glasses  
and put whipped cream on top of each.  
Do not mix more than a large glass  
of this at a time. It will make three  
small glasses. This method is much  
better than boiling the chocolate and  
milk and then chilling, which usually  
forms a sediment.

**Health Promotes Happiness.**

Without health, genuine joy is im-  
possible; without good digestion and  
regular bowel movement you cannot  
have health. Why neglect keeping  
bowels open and risk being sick and  
ailing? You don't have to. Take  
one small Dr. King's New Life Pill  
at night, in the morning you will  
have a full, free bowel movement  
and feel much better. Helps your  
appetite and digestion. Try one to-  
night.—Advertisement.

**Louisville Snake Story.**

Louisville, Ky., May 13.—James  
F. McGee, former cashier of the  
Crestwood (Ky.) Bank got the scare  
of his life and suffered a shock which  
necessitated calling a physician when  
he found a six foot "Georgia Bull"  
snake crawling about his bed in his  
room in a local hotel.

Thinking a friend was playing a  
joke on him McGee grabbed the  
snake, when the reptile began to show  
fight and put up a hard battle. Clerks  
and attaches of the hotel came to  
his rescue.

A clerk at the hotel said the snake  
belonged to a vaudeville performer  
whose room was directly above that  
of McGee's.

Constipation causes headache, in-  
digestion, dizziness, drowsiness. For  
a mild, opening medicine, use Doan's  
Regulator. 25c a box at all stores.

**Germany's Excuse.**

German naval circles express sur-  
prise at the rapidity with which the  
steamer Lusitania sank. They assumed  
the vessel was of modern con-  
struction and with airtight compart-  
ments arranged as were the Lusitania's,  
she should have kept afloat at  
three or four hours, giving time for  
saving all the passengers. Some naval  
experts express the opinion that  
the vessel's rapid sinking was due to  
an explosion of ammunition in her  
cargo.

**THOUGHT HIM A PREACHER**

American Diplomat Victim of an  
Amusing Mistake in the Yosemite  
Valley.

Madame Hegermann-Lindenecrone,  
author of the book, "The Sunny Side  
of Diplomatic Life," tells of an in-  
cident that happened when she and her  
husband—then Danish minister to the  
United States—were traveling in the  
West. They were spending Sunday in  
the Yosemite valley, when immedi-  
ately after breakfast a man knocked  
at their door and with him and his  
said he had been sent to ask Mr.  
Hegermann-Lindenecrone if he would  
read the prayers and preach a sermon  
in the drawing-room of the hotel, "it  
being Sunday and you being a minis-  
ter." J. was a little aghast, not ex-  
actly understanding, while I was shak-  
ing with laughter at the other end of  
the room, and would not have inter-  
fered for worlds for fear of losing a  
word of the dialogue.  
"I read the gospel," cried J.  
"Yes, sir. You're a minister, ain't  
yer?"  
"Well, yes, I am, but not the kind  
you mean."  
"The little man said, condescendingly:  
"We are not particular as to sect.  
Whether you're a Baptist or Metho-  
dist, it makes no difference as long as  
you will preach."  
"I had difficulty in explaining in  
his best English that preaching was  
not a specialty of his."

**Not a Full Explanation.**  
The manifestation called heat is  
with humans and most other animals  
a sensation indescribable. From the  
time of Democritus and Epicurus, and  
far back of that, the mystery of the  
source of heat was hotly discussed.  
As time flew on and on the mystery  
was segregated into learned words,  
and Sir Humphry Davy explained it  
all by saying that heat was merely the  
vibration of corpuscles of the body.  
He did not tell of the origin of the  
corpuscles or why they vibrated.

**HABIT OF LETTER WRITING**

One of the Best That Can Be Acquired  
and Is One That Makes  
Friends.

Don't get into the habit of saying  
that you hate to write letters. Many a  
friendship has been broken by neglect-  
ing to answer letters.  
Letter writing is decidedly not a  
forte with some women—they think  
it a bore, and keep their correspond-  
ence as far as possible within the very  
narrowest limits. Others don't trou-  
ble even to answer letters when they  
get them.  
"Oh! you know I'm a wretched cor-  
respondent," they will say in excuse.  
The woman who can talk on paper  
to the person to whom she is writing,  
almost in the same way and with the  
same fluency as she would talk to her  
were they together in the same room,  
is by far the most successful letter  
writer.  
A good correspondent nearly always  
writes as she speaks.  
It is one of the unwritten laws of  
etiquette not to begin a letter with  
the pronoun "I."  
This is always a point which should  
be remembered in letter writing.  
It is always a wise plan to answer  
letters within a few days. In this way  
there is no danger of your laying them  
aside and forgetting them. This is  
especially important where invitations  
are concerned.—Camden Daily Cour-  
ier.

**Saved By Music.**

F. M. Lasseter, officer of a Scot-  
tish regiment, who was wounded  
early in the war and had been on a  
voyage to recuperate, was saved  
with his mother, by the saloon grand  
piano of the Lusitania, on which they  
floated for three hours.

**Wreaths for the Victors.**

In classic times successful warriors,  
athletes, poets and singers were some-  
times crowned with bay. It is some-  
times written that they were crowned  
with myrtle wreaths. These leaves  
came from a tree which botanists call  
"lauro nobilis."

## ALKAHEST CHAUTAUQUA

### SPLENDID ENTERTAINMENT FEATURES

A Chautauqua, in the very nature of the case, is a many sided affair and aims to make some appeal to "all sorts and conditions of men," also

MR. and MRS. J. FRANKLIN CAVENY.

women. Some people want lectures and these will be pleased with the three great men that have been provided. Other folks like music especially, and music in abundance will be heard. But the person who does not enjoy a clever entertainment has not yet been discovered, and clever is the word that best describes the entertainment features of our Chautauqua.

On the opening evening, after a prelude by the American Ladies Orchestra, Miss Hettie Jane Dunaway will give a costumed reading of "Just Plain Judy," which is an adaptation from the famous "best seller," "Daddy Long Legs." This entertainment will have a musical accompaniment and has been heralded by Lyceum Bureau managers all over the country as something absolutely unique. Miss Dunaway's interpretation of the little orphan girl is true to life and remarkably artistic. She is not an elocutionist in the usual sense in which that word is used and the training which she has received in public speaking has enhanced her native ability instead of beclouding it. The schools and colleges of her native state, Arkansas, and private teachers in Boston have contributed to her success on the platform.

One whole evening of Chautauqua will be given over to the Cavenys and Miss Crum. The Cavenys are Mr. and Mrs. J. Franklin Caveny of Chicago. Mr. Caveny is an artist with paints, chalk and clay, as well as voice and is one of the most versatile men on the Chautauqua platform today. His pictures "The Wagner

### MISS HETTIE JANE DUNAWAY.

Fantasia" and "The Christ Story" have been copyrighted and sold by the hundreds. Mrs. Caveny is a splendid soprano soloist and pianist. Her vocal work has delighted many audiences in all parts of the country. The other member of the company, Miss Edna Earle Crum, is a virtuist of rare attainments, an artist of which America may well be proud.

In our Chautauqua the children have not been forgotten. One whole afternoon has been arranged especially for their entertainment and the favorite entertainment of most children has been provided, viz., a magic show. To present this program the J. M. Totten Company has been secured. In the art of legerdemain Mr. Totten has no superior. Under the deft touch of his fingers articles appear and disappear in such a marvelous manner that the little folks will rub their eyes and wonder if they are just dreaming. Miss Flora E. Totten who always assists her famous father in his work, is a talented young lady who displays rare ability in the mysterious art. She

Making Mirth and Magic.  
originated many of the feats performed in the wonderful program which the Totten company gives.

The climax of the week's entertainment features will be the production of Rostand's best comedy, "The Romançers" by the Frank Lea Short Players. These splendid actors have given this play many times before colleges, literary and social clubs, and lyceum audiences with universal success. The plot of the play centers around the romantic adventures of Sylvette and Percinet, the scions of neighboring but unneighborly families. The comedy element is introduced by a picturesque swashbuckling character, Straford and his band of brigands. True to its designation, the play is a comedy, and all ends well in the last act. The members of this company are all persons of the best character, and there is nothing in the play to offend the conscience of any one. The author of the play, Edmond Rostand, is ranked by practically all critics as the greatest living dramatist. He is a Frenchman who has written many plays that have been successfully translated into English, among them being "Cyrano de Bergerne," and "Chanticleer." One of Rostand's sons is said to have been killed in the present European war, while two of them are still serving with the French army.

## FIND POOR MILK PRODUCERS

Many Fine Appearing Animals Found to Be Quite Unprofitable by Work of Testing.

The work of testing the dairy herd is most interesting and produces many surprises. Many of the finest appearing cattle will be found to be the poorest producers, while some of the animals thought to be scrubs will be worthy of a place in the constructed herd.

No time should be lost in disposing of the unproductive cows. A market can readily be had for those in good condition, while the money received for their sale can be most wisely expended by purchasing a sire and two or more dams of a dairy breed. These new animals should not be purchased without first knowing their record of production.

### Dairy Profit and Loss.

People are not careful enough about feeding their stock. They take it for granted that when they have thrown an allowance of grain in front of the cows their duties are finished. On the other hand, the cow that is rightly fed is carefully studied with each ration. She is watched to see if she will respond to a little more feed or if she is getting more than she can use. These little wastes are what make the profit and loss in dairying.

### Number of Cows to Keep.

A farmer and dairyman should keep only as many cows as he can house and feed properly.

The German-Americans of this city are neutral in every respect and none of their societies will take action antagonistic to the policy of the Administration."

For the past year Miss Cusick has been repeating the following line in the play, "One Day," to Mr. Sutherland: "Take me; I am yours." So last night he did take her.

## REPORT AMERICANS KILLED IN MEXICO

### Yaqui Indians Attack Colony of Men, Women and Chil- dren, U. S. Consul Hears.

Nogales, Sonora, Mex., May 14.—Yaqui Indians attacking a colony of sixty-Americans, including women and children, near Esperanza, south of Guaymas, have killed three and wounded several others, according to information received to-day by Frederick Simplich, American consul here. The battle continues.

The Americans reported killed are John Wilson, W. A. Fay and William Stocker; J. J. Donovan is missing and is believed to have been killed.

Jose Maytorena, governor of Sonora, has ordered a detachment of 500 troops to entrain at Guaymas and proceed to the aid of the Americans. The railroad, however, is only partially repaired.

Refugees from the interior report conditions in Sonora to be little short of appalling. The Yaquis and lawless elements of all sorts are pillaging and committing murder, they say. The Indians are reported to be butchering men, women and children indiscriminately.

### Negro 108 Years Old.

The oldest man in Webster county and possibly in this end of the state, lives at No. 7 coal mine at Cay in the person of "Uncle" Treb Parks, a colored man. Uncle Treb was born somewhere near Russellville in Logan county, but does not remember the exact date, but he says his white master and he were children together. He says they both were born on the same farm near Russellville and they moved from there to the now George Parks farm about two miles from Greenville in Muhlenberg county. His owner was named George Parks, and was a well known and prominent man in that section and the place still goes by his name.

"Uncle" Treb says that white men tell him that he is one hundred and eight years old and that his birthday is on record in some of the old George Parks books back in Muhlenberg county.—Clay Enterprise.

### Twin Colts.

## Splendid Medicine, Stomach Trouble

I Suffered for Several Years  
Peruna Restored My Health

Mrs. Elizabeth Reuther, No. 508 Twelfth St., N. W., Washington, D. C., writes: "I am pleased to endorse Peruna as a splendid medicine for catarrh and stomach trouble, from which I suffered for several years. I took it for several months and at the end of that time found my health was restored and have felt splendidly ever since. I now take it when I contract a cold and it soon rids the system of any catarrhal tendencies."

Over Ten Years Ago.  
"I would not be without Peruna. Although it was over ten years ago that I first gave you my testimonial, I am of the same opinion as when I wrote it, and give you the privilege to use it as you see fit. I still use Peruna when I think it necessary. I am recommending it to my neighbors whenever a chance occurs."

### Bread On Waters.

Judge Gus Thomas, of Mayfield, has taken an underhold on his competitors for a fact. He has, as the Hopkinsville Kentuckian says, cast his bread upon the waters in the form of some excellent Graves county made corn light bread. It followed a promise to a friend there, when the subject of corn bread was up, to send him some corn bread made by a party who could make it to a queen's taste, and a fine large pone was the result. The recipient, to keep his promise, invited several friends in to enjoy a "slice" and to pass their judgment on the quality. The Kentuckian drops the intimation that Judge Thomas has set a pace for all competitors to go if they would keep up with him.—Paducah News Democrat.

## COL. LOWRY LAID TO REST

Funeral Services Over One of  
County's Oldest Harvard  
Graduates.

The funeral services of Col. S. J. Lowry were conducted at the family residence Saturday afternoon by Rev. W. H. Vaughn. The interment was in the family burying ground near by.

Col. S. J. Lowry was born Dec. 20, 1839, and died May 14, 1915. He graduated from Bethel College at Russellville in 1860 and entered Harvard College from which he graduated in 1865. He was a member of the Phi Gamma Delta fraternity while at the University. He began life as a lawyer and practiced law for 15 years, but had to give up office work on account of impaired health. For the last 35 years he had been a successful farmer at his present home near Oak Grove, Ky.

He was a deacon in the Olivet Baptist church and always an active member. On Jan. 12, 1871, he was married to Miss Eliza P. McReynolds. His only surviving child of this union is Mrs. T. B. Caldwell, of Howell, Ky. Nov. 17, 1881, he was married to Miss Mary Elizabeth King, who survives him. The following children of this marriage also survive: Mrs. H. C. McGill, of Louisville; Squire M. Lowry, of Alaska; Eugene W. Lowry, S. J. Lowry, Jr., Will H. Lowry and Mary Elizabeth Lowry. The last four live at the family homestead, S. J. Lowry, Jr., being a member of the 1915 class at the University of Kentucky. Dr. W. H. Lowry, of Butler, Mo., and Dr. S. M. Lowry, of Elkton, the brothers of Col. Lowry, were present.

Col. Lowry was one of Christian county's substantial and most prominent citizens. He was a leader in public affairs, in church work and in every worthy enterprise. A large crowd of sorrowing friends attended his funeral.

## WOMEN ATTACK THE WIVES OF ALIENS

Nearly Every German Store in  
London Suffers In The  
Rioting.

London, May 14.—In many parts of London last night attempts were made to resume the rioting which commenced the previous night and continued throughout the day, but the police and constables, prepared, were better able to cope with the disturbances.

Many persons who took part in the rioting were arrested. In almost every case women, girls and boys were the chief trouble-makers. When a shop was broken into they looted its contents.

At South Woolwick shops owned by Germans were attacked, and in Lambeth, Kennington, Bow, Deptford, Finsbury, Islington and Wood Green—in fact in virtually all the poorer districts of the metropolis—shops belonging to aliens of enemy countries or of British subjects of German descent were wrecked.

No distinction was made by the mobs between Germans and persons of German descent, some of the shops damaged belonging to men born in this county of German parents. A German name on a sign board was sufficient to bring an attack from the infuriated mobs.

In one case the sufferer was the town councillor of Poplar, who was born in England and has associated himself with the public life of the borough all his life. He bears a German name.

In the same neighborhood women attacked the wives of aliens in their homes, chased them through the streets and threw their belongings into the roadways.

There is hardly an establishment in London owned by a German or its employees Germans which has not been damaged or which is not barricaded. Alien proprietors and alien assistants in such places have fled to spots where they will not be recognized.

Several London clubs have decided to ask Germans, even though naturalized British, not to use the club's premises during the war.

One Chicago firm recently shipped 250,000 pounds of chicken meat to England.

### PENSION CHECKS

Mailed to Confederate Veterans  
Last Saturday.

The State Treasurer has mailed Confederate pension checks amounting to \$83,828 34 and State interest-bearing warrants amounting to \$7,000 to Confederate veterans whose applications have been acted on since the last pension day. Arrangements have been made with a trust company or Louisville to handle the checks and warrants at their face value.

### TWO MANY HORSES

#### GOING ABROAD

The number of horses and mules being shipped from ports in this country for use in the war already is reckoned in the hundreds of thousands. The shipments are aiding the Allies, since their destinations are ultimately England and France, and at the same time they are depriving this country of very valuable domestic animals. The United States, in its foreign horse trade, also is doing harm to itself in disposing of great numbers of mares at a time when a shortage of brood mares already exists.

We are not yet ready in the United States entirely to replace horses with automobiles. The latter are, of course, serving many purposes from which the former are being gradually retired. Yet horses still are indispensable on the farms, and it will be the American farmers, largely, who will suffer if the war leaves this country in want of sufficient supplies of the animals.

Most of the big American breeding farms went out of business when the racing tracks in various states were closed. The stock of these farms, including large numbers of the best thoroughbreds, were disposed of abroad, where even in these critical times racing is favored by the people. At the time of the latest official count, however, there still were 22,000,000 horses in this country, a not inconsiderable number. It is this number which shipments abroad are now depleting.

Canada has found it the part of wisdom to protect its horse breeding industry. Our government is, perhaps, making an unfortunate mistake in permitting the exportation of horses in such great numbers. The animals can for the present be used to much better purpose in America than in Europe and surely, as humane persons wisely point out, they would be much more comfortable here.—Paducah Sun

#### Skunks Enemies of Caterpillars.

A new field of usefulness has been found for the much-ridiculed skunk in the fact that it is a vigorous enemy of the full-grown range caterpillars. Birds are of no service whatever in destroying these large caterpillars, but skunks devour quantities of them, and this is another reason why these little creatures should receive more consideration than they now do.
